

Non-Ferrous Casting Solutions Since 1984

Reliable non-ferrous products and casting services
for industrial applications.

About Us

NS Enterprises is a trusted manufacturer and supplier of non-ferrous metal products and casting solutions, serving industries since 1984.

With decades of experience and a strong focus on material quality, precision, and timely delivery, we support clients across India with reliable, application-specific solutions.

Casting Services

We offer end-to-end non-ferrous casting services, tailored to customer drawings and technical requirements:

Sand Casting

- Highly versatile process suitable for complex and large components
- Flexible for varying quantities and design requirements

Continuous Casting

- Uniform grain structure and consistent material quality
- Available in rounds, flats, pipes, and bushes up to 3 meters

Centrifugal Casting

- High-density, defect-free castings
- Ideal for bushings, liners, pipes, and wear-resistant components

Casting weights range from 4 kg to 1 MT (single piece)

Materials & Product Types

We manufacture and supply a wide range of non-ferrous products in multiple forms such as round bars, hollow bars, flats, plates, and alloys.

Aluminium Bronze Products

Lead Tin Bronze Products

Phosphor Bronze Products

Tiger Bronze Products

Gun Metal Products

Brass Products

All materials are available in all grades as per:

ASTM (American Standards), DIN (German Standards), IS: Standard, UNS: Series, JIS: Standard, SAE: Series

Manufactured with strict quality control and certified testing for consistent performance

Planning your next casting or material requirement?

We're here to help you with the right solution.
